[REDACTED]

Dear [REDACTED]

YOUR OFFICIAL INFORMATION ACT (1982) REQUEST HBDHB REF: OIA2021101

I refer to your Official Information Act request transferred to district health boards by the Ministry of Health on 20 August 2021 where you requested information from Hawke's Bay District Health Board (HBDHB). Your questions and HBDHB's response is provided below:

"Please forward a copy of the schedule listing all NZ Immunisation Providers, with the details of their respective approved/licensed refrigerator technician. The refrigerator technician in this instance, is the person who undertakes their annual vaccine refrigerator servicing (Sect 7.1). The details I require of the approved/licensed refrigerator technician are their Electrical Workers Registration Board licence number and expiry date."

Hawke's Bay DHB prescribes to the Cold Chain Accreditation review and refrigerators are serviced by approved electrical appliance service technicians.

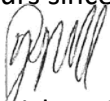

The DHB does not, however, personally hold service providers' Electrical Workers Registration Board licence numbers and expiry dates. Therefore, under section 18 (g) of the Official Information Act, the DHB declines to provide a response to this portion of your request due to information not held.

Hawke's Bay DHB attaches a list of immunisation providers in the region. However, please note you would need to request technician documentation directly with that provider (such as a GP provider). Additionally, pharmacy cold chains are audited by the Pharmaceutical Society.

I trust this information meets your needs. If you would like any further information or clarification please phone me. If you are not satisfied with this response you may contact the Office of the Ombudsman, phone 0800 802 602.

Please note that this response, or an edited version of this response, may be published on the Hawke's Bay DHB website after your receipt of this response.

Yours sincerely

Patrick Le Geyt
Acting Executive Director, Health Improvement & Equity
